

Your Everything Solution for Law Enforcement, Safety and Security Products and Services

Learn more at www.gsa.gov/safetyandsecuritysolutions

For fast, flexible, cost-effective procurement, turn to GSA's Multiple Award Schedules (MAS) — meet your acquisition challenges while achieving your mission's goals.

Speed – Shorten procurement lead-times and reduce your administrative burden and costs with quick and easy access to thousands of pre-qualified, industry leading contractors.

Selection – Compete among a vast selection of expert service and product providers to meet your mission needs from the largest, most reliable government procurement source.

Flexibility – Tailor RFQs and orders to your unique purchasing requirements and negotiate pricing below our ceiling rates to fit your specific needs and budget.

Efficiency – Streamline contracting while maintaining FAR compliance when you issue orders directly to pre-qualified contractors.

Value – Simplify your procurements by tapping into our pool of proven sources that have already been determined responsible and technically capable — at fair and reasonable prices.

Transparency – Leverage a suite of eTools that help identify qualified, small business contractors and maximize competition.

Manage Your Procurement – Your agency contracting officer will retain control of your procurement including requirements development, evaluation and award of the order.

Whether your agency requires law enforcement, safety or security products and services, we stand ready with the right solution for you. From handcuffs to alarm systems to fire shelters, you can count on GSA to meet your law enforcement, safety and security needs.

If your goal is protecting our shorelines, patrolling harbors, ports and federally controlled lakes and rivers, or oil spill containment, choose from a multitude of marine crafts, equipment and services to support your mission. Also covered are any requirements for law enforcement protection, prevention, apprehension and investigation, giving you access to the proper equipment and services for personal, vehicular and/or facility applications. In addition, you can acquire items to help you extinguish fires, manage controlled burns and provide personal respiratory protection. Also, search and rescue products are available to assist your entry into buildings or vehicles, helping you safely evacuate personnel.

And, because prevention and detection are as important as reaction, your agency can benefit from our vast selection of hazard alarms, audible/visual alarms, anti-theft alarms, patient wandering systems, fire alarm systems and scientific equipment and services. Also offered to you are facility management systems for security and energy management functions, such as professional security, facility management and guard services, as well as valuable IT and training support. We also provide solutions for protecting yourself from the elements, fire, biochemical exposure, accidental immersion, or other hazardous materials, as well as uniforms and all types of safety shoes and boots.

At GSA, we offer an integrated approach to accessing the broadest range of law enforcement, safety and security solutions. We simplify your agency's access to thousands of pre-qualified service providers, allow you to tailor orders to meet your unique requirements, and let your agency negotiate pricing below our ceiling rates. We can assist you in accessing the experts needed for all phases of improving your organization's law enforcement, safety and security practices.

The GSA MAS program is the largest, most comprehensive acquisition vehicle available to the federal government. GSA MAS contracts offer complete, state-of-the-industry products and services designed to meet today's challenges with leading law-enforcement, safety and security services and support products. These contracts are created to help agencies like yours comply with daily operational requirements. Following is a list of four cross-MAS groupings to help you determine the products and/or services that meet your needs in the security arena.

Total Solutions for Law Enforcement, Security, Facilities Management, Fire, Rescue, Clothing, Marine Craft and Emergency/Disaster Response (www.gsa.gov/firesecurity)

Upgrading security at your facilities is serious business. If procuring law enforcement equipment or surveillance products and services is part of your mission, GSA can help. GSA MAS contractors can provide protection on land or at sea, help fight fires, or provide assistance in freezing temperatures. GSA contractors can provide all this, and more.

GSA's offerings include:

- Professional Law Enforcement and Security Services and Training;
- Boats, Marine Engines, Personal Watercraft and Marine Barriers;
- Protective Clothing, Gloves and Footwear, Police Clothing and Firefighting Clothing;

- Equipment for Personal Protection, Vehicles, Detection, Investigation, Surveillance and Canine Training and Handling; and
- Access Control Systems, Locking Devices, Intrusion Detection, Facility Management Systems, Professional Security/Facility Management Services and Guard Services.

Scientific Equipment and Services (www.gsa.gov/scientific)

The latest technology and services available through the MAS program can help customers save lives and accomplish their respective missions. We provide you with one-stop shopping for all general purpose and specialized laboratory equipment and furniture, unmanned aerial vehicles, measurement and testing equipment, and laboratory test and analysis services.

GSA's offerings include:

- Electrical- and Electronic-Properties Measuring and Testing Equipment;
- Pressure-, Temperature- and Humidity-Measuring and Controlling Instruments;
- Avionics Equipment;
- Chemical Analysis Instruments;
- Diluters, Pipettors, and Pipetting Systems;
- Environmental Chambers;
- Lab Equipment and Supplies;
- Noise Measuring Instruments;
- Hazard Detection Equipment; and
- Chemical, Mechanical and Electrical Testing.

IT Products and Services (www.gsa.gov/schedule70)

The Information Technology (IT) Schedule 70 was established by GSA to assist agencies like yours with the procurement of IT products, services and solutions in support of your agency's law enforcement, safety and security services. As you know, to run an efficient and effective law enforcement, safety and security services within your agency, you need supporting IT products and services. You may also need online training modules for the personnel within your agencies. This MAS grants your agency direct access to commercial experts who can thoroughly address your IT needs as they relate to your law enforcement, safety, and security services missions through 22 Special Item Numbers (SINs). These products and services cover most general purpose commercial IT hardware, software and services, including:

- Leasing of Products;
- Daily/Short Term Rental;
- Purchase of New Equipment;
- Purchase of Used or Refurbished Equipment;
- Maintenance of Equipment, Repair Services and/or Repair/ Spare Parts;
- Term & Perpetual Software License;
- Maintenance of Software as a Service;
- Information Technology Training Courses;
- Information Technology Professional Services;
- Electronic Commerce Services;

- Wireless Services;
- Commercial Satellite Communications (COMSATCOM) Transponded Capacity and Subscription Services;
- Access Certificates for Electronic Services (ACES) Program;
- Public Key Infrastructure (PKI) Shared Service Provider (SSP) Program; and
- HSPD-12 Product and Service Components.

Training Solutions (www.gsa.gov/mobis)

No matter how complex or simple your training mission is, GSA's Training Services promise an extensive selection of highly qualified contractors who will work closely with you to offer courses and perfect training solutions. Whether you need training aids, materials or devices, or assistance, instructor-led training and/or customized training services, GSA's Training Services are the best avenue for resources and services provided at your location, off site, or online anytime.

Areas of training include (but are not limited to):

- Law Enforcement;
- Security;
- Military;
- Medical;
- Science;
- Engineering;
- Computer Technologies;
- Foreign Language;
- Business;
- Financial Management; and
- 1102 Contracting Curriculum Core Training.

Flexible and Scalable Procurement

Government agencies are located worldwide, and they range in size, function and buying preferences. Our goal is to help your agency identify the best acquisition tools for your needs.

Direct Access to Pre-Approved Contractors Online

The GSA MAS Multiple Award Schedules program establishes contracts with responsible contractors and negotiates ceiling rates for labor categories. The contracts are ready for federal government orders, saving time and effort over open market procurements. GSA's online tool, eLibrary, is a comprehensive information resource for GSA Multiple Award Schedules. The eLibrary allows users to search contracts by contractor name, contract number, Special Item Number (SIN), MAS number, and keywords. To learn more, visit www.gsaelibrary.gsa.gov.

Complete Solution

When your requirements cross multiple disciplines or combine services and products, the strength and diversity of the GSA MAS contractor community can rise to the challenge. Many contractors can provide total solutions for complex requirements across numerous schedules. Contractor Team Arrangements (CTAs) allow MAS contractors to create their own partnerships and to provide comprehensive solutions beyond the scope of their individual contracts. And just recently approved, a deviation to the FAR (FAR Part 51.1) now expands the authority of contractors to use GSA sources of supply, including GSA MAS contracts, GSA Global Supply and VA Schedule contracts. To learn more, visit www.gsa.gov/far51deviation.

GSAAdvantage!®

GSAAdvantage!® is the federal government's premier online ordering system that provides 24-hour access to more than 17 million product and service solutions available from 16,000-plus GSA Multiple Award Schedules (MAS) contractors — as well as all products available from GSA Global Supply™. GSAAdvantage! offers: FAR-compliant purchasing; direct contact with MAS contractors to increase procurement speed and efficiency; specified grouping of products and services; easy-to-use research capabilities that narrow results and compare features, prices and delivery options; and a streamlined online experience with instant online ordering. For those state and local government entities looking to simplify their procurement process, GSAAdvantage! offers them the ability to use their own state or local government-issued charge card to access a wide variety of products and services solutions. It also provides customers with multiple payment options and online viewing of order status to ensure complete order. The Advantage Spend Analysis Program (ASAP) reporting tool is also part of GSAAdvantage!; this tool serves several functions, including giving authorized users access to GSAAdvantage! sales and statistical data, with the option of running valuable reports. To learn more about how GSAAdvantage! can help you, visit www.gsaadvantage.gov.

eBuy

eBuy is an online Request for Quote tool to receive information for highly complex, large quantity or big-ticket procurement requirements. eBuy streamlines the solicitation process for customers by providing a single tool to post solicitations, receive quotes from GSA Multiple Award Schedules, GWAC or other GSA technology contractors, find sources of supply, submit responses and establish and use Blanket Purchase Agreements. eBuy creates value through instant access to contractors, paperless procurement from "cradle to grave," full compliance with Section 803 of the 2002 National Defense Authorization Act, real-time RFQ management, volume discounts, electronic award notification and debriefing, and best-value practices through enhanced competition. It is ideal for customized services, with features that allow an agency to designate an RFQ as "Sources Sought," attached specification documents and describe complex or customized requirements. By using eBuy, customers can reduce the time spent on procuring products and services so that they can concentrate on their true missions. To learn more, visit www.ebuy.gsa.gov.

GSA Global Supply™

From office supplies to disaster relief products, GSA Global Supply™ provides fast, easy access to hundreds of thousands of established-source products for federal government agencies at the federal, state, and local levels. Depending on the customers needs, Global Supply can facilitate any requisition-based orders (with no need for comparison shopping) through worldwide delivery, 24/7 support, AbilityOne (formerly known as JWOD) guaranteed products, payment using GSA SmartPay® or AAC/DoDAAC, government-to-government transactions, and unrestricted spending limits. It also ensures that all orders comply with the Federal Acquisition Regulations and other DoD, socioeconomic, and environmental policies with which customers need to be concerned. To learn more, visit www.GSAglobalsupply.gsa.gov.

Ensuring Re-Use with GSA Personal Property Management

Screening other agencies' excess personal property inventories is the federal government's priority source of supply. And with today's increased environmental consciousness, reusing excess property is a source of pride. To help you acquire the excess property your agency needs, GSA offers www.gsa.gov/gsexcess, the personal property reporting tools for the federal government. At GSAXcess®, reporting, searching and selecting excess property is convenient and user-friendly.
